

Eric Setzler is the Chief Engineer for the City of Pittsburgh's Department of Mobility and Infrastructure (DOMI). In this role, he is responsible for managing the Project Design and Delivery Bureau, which consists of 24 project managers, engineers, inspectors, and support staff. The Bureau maintains over 1000 miles of city streets, 145 bridges, 800 sets of city steps, and 500 retaining walls and delivers capital improvement projects for these assets.

Eric is a graduate of The Ohio State University in Columbus, Ohio, where he received Bachelor and Master of Science Degrees in Civil Engineering. He is a licensed Professional Engineer in Pennsylvania and Ohio and serves on the Board of Directors of the Engineer's Society of Western Pennsylvania.
