

As Chief Strategy Officer, Aftab leads all PJM cross-functional initiatives and drives organizational transformation to ensure sustainable success and alignment.

Prior to his appointment as Chief Strategy Officer, Aftab served as Executive Vice President – Operations, Planning & Security, where he oversaw grid operations, transmission system planning, and cyber and physical security.

Prior to joining PJM, Aftab was senior vice president of engineering for Eversource Energy. He also held various leadership roles with GE and ABB, providing products, projects and services to the electric utility industry.

Aftab holds a bachelor's degree in electrical engineering from the University of Alaska – Fairbanks, a master's degree in electric power engineering from Rensselaer Polytechnic Institute and an MBA from Carnegie Mellon University.
